WILLIAMS

J E T T E N D E R S

THE WORLD'S LEADING JET
TENDER SPECIALISTS

Williams are the tenders of choice around the world
because they work beautifully. Blending pure
pleasure with practicality, getting from ship to shore
has never been more stylish. Or more fun.

Push the throttle forward and feel the surge of adrenalin,
thanks to the safe, versatile jet propulsion system.
One day it's a high-performance ski boat, the next
a smooth coastal cruiser. And at the end of every
unforgettable day, it'll slip easily back into its garage
or onto deck, because all our tenders are designed
to work with the world's finest yachts.

BUILD MY TENDER on **williamsjettenders.com**

THE TENDER OF CHOICE

Many of the world's leading yacht builders recognised the crucial role that a tender plays in their customers' boating experience. So when they need to specify tenders for their boats, they come to us. Our designers get together with their designers, ensuring our tenders work seamlessly with their garage systems. Our shared passion for impeccable standards guarantees that yacht and tender are a perfect match for quality and performance. It's why Williams is the tender of choice for the world's most prestigious yacht builders.

ARRIVE IN STYLE

DIESELJET

Picture the scene. Your guests are waiting on the jetty to be ferried to your yacht.

First impressions count, so you want it to be a good one. The best, in fact. Up pulls a Williams Dieseljet with its impressive sleek lines, ample space and luxurious interior. Thanks to its stability, getting them aboard is easy.

They instantly settle down into the sumptuous upholstery and have plenty of space for their luggage. The tender takes off in a wide, sweeping arc. The smart hull design keeps them dry throughout. It's a thrilling ride and the perfect start to their time aboard your yacht. Dieseljet – it doesn't get better than this.

EXTRA TENDER

The Dieseljet range has been designed to ensure the luxury on board your yacht continues through to your tender. It's the perfect combination of beauty, fun and functionality.

High performance comes from the Yanmar engine, which conveniently runs on diesel, like your yacht, so no need to carry separate fuel.

A Dieseljet is as brilliant at taking heavy loads as it is at pulling a waterskier, or going for idyllic day cruises. You can completely customise your tender to suit your taste and match your yacht, from the way it looks to the equipment on board.

You can even have your yacht's name emblazoned on the tubes and embroidered on the seating.

”

I KNOW EXCEPTIONAL
PERFORMANCE WHEN
I SEE IT, AND THAT’S
EXACTLY WHAT WILLIAMS
HAS DELIVERED.

”

Eddie Jordan, F1 entrepreneur and Dieseljet owner.

DIESELJET
445

The Dieseljet 445 is luxury in a compact package. Designed to fit yachts of 25 metres (82ft) LOA and larger, the 445 is capable of carrying seven adults in comfort even at speed. Everyday ferrying duties easily turn into the most memorable pleasure trips.

Drop anchor whenever the mood takes you and relax with a glass of something cold. Ready for a spot of monoskiing? The powerful engine and deep sports hull take care of business, giving you hours of fun in the sun.

DIESELJET 505

The premium quality and effortless comfort of this tender belie that it's a master of practicality. Clever use of space means your eight passengers can stretch out and have space to store their belongings. Extremely handy when you have a lot of people to move, but even better when you want to load it up with fine food for a spot of alfresco dining on a secluded beach. After lunch, drop anchor, unfurl the optional bimini and lower the bathing ladder. Relax, bathe, or for those adrenaline seekers, blast away the afternoon waterskiing.

DIESELJET 565

If you own a super yacht over 35 metres (114ft), then you need a tender that's equal in stature. The handsome Dieseljet 565 is such a craft, with the size and power to back it up. The larger hull and 150hp engine will plane nimbly over the chop, even with nine passengers comfortably seated. On board, it's the same level of luxury you're used to on board your yacht. Use our wide-ranging customisable options and accessories to get it

looking and performing just how you want it. Breeze along the coast in style or slip gracefully into any harbour and you'll have heads turning all along the quayside.

If you want everything the 565 has to offer, but with even more exhilarating speed, the 565s delivers all the extra horsepower you need.

DIESELJET 625

The largest, most spacious Dieseljet in the range is the pinnacle of style and comfort. Taking up to 11 passengers, it takes cruising in its stride, ironing out the swell with that ample hull. This is the ultimate day boat, helping you discover secret bays of the clearest blue water. Drop anchor, stretch out on the sunbathing pad, dive off the bathing platform or cool off with the optional freshwater shower. But don't be fooled by its generous size.

The 625 is a fleet-footed, adrenalin-fuelled rocket, made for breathtakingly tight turns and high-speed manoeuvres, especially with a waterskier in tow.

For those who want a tender with even greater performance, the 625s is also available, delivering extra horsepower and even more exhilaration.
